SEANA TEXTIL

Workwear solutions

Since our creation in 1994, we at Seana Textil have become one of the leading import and export companies in the workwear industry in Spain.

We focus on business excellence, with the aim of maintaining the satisfaction of an excellent service at a competitive price for our customers.

Our experience means that we can easily adapt to the needs of every professional sector. This means that our design team can create personalised collections which are specially adapted to the specific requirements of the client.

“ Constant innovation drives us to offer the best solution to our customers’ need. ”

SEANA TEXTIL

Technical

Our technical workwear is the best choice for specific jobs that must meet the standards established by the EC.

Here we have multi-standard items (fire retardant, anti-static, electric arc, and welding) in both treated materials and permanent.

Each reference is accompanied with pictograms of the standards for easy reference.

Protection against flames.

Clothes for welders.

Protection against electric charges.

Clothes for work in tension.

Compositions in modacrylic, cotton and carbon.

Chemical protection.

High visibility.

Lining in the same fabric (+ resistant).

SEANA TEXTIL

High visibility

We base all of our collections on the concept of functionality, comfort, and resistance.

In our High Visibility range, there are two additional characteristics: the fabric's suitability for outdoor use in all kinds of weather and the vitality of its eye-catching colour withstands washing to ensure that it continues to be an effective safety alert.

1. High visibility yellow, orange and red fluorine colors with reflective strips.
2. Different color combinations.
3. Resistance to washing without losing the vividness.

SEANA TEXTIL

Basics

We present the Basics collection, the essential workwear.

At Seana, we think about the versatility of all trades and we create an efficient and comfortable pattern which is easily adapted to all kinds of people.

We choose resistant materials which are also easy to wear and we manufacture with the precision that experience has taught us.

1. Resistant and pleasant to the touch.
2. Composition to choose: 65% polyester and 35% cotton, 100% cotton or 98% cotton and 2% elastane.
3. Front, back and side pockets.
4. Wide range of colors.
5. Various grammages: 185gr, 240gr and 270gr.
6. Lining in the same fabric (+ resistant).

Returns & Exchanges

Returns will only be accepted upon agreement of the Sales Department, requested within 15 days of receipt of the order. Manipulated garments will not be accepted and must be returned in their original packaging.

Samples

All samples must be requested by firm order and paid after their return.

B2B digital sales channel

Easier.

Faster.

24h access.

Through the B2B digital sales channel, you can send us all your orders, for any of the references in our extensive catalog of workwear, in an agile and simple way, as well as consult your previous orders, delivery notes and invoices.

Send us your orders more quickly and efficiently

Access.

Request your access data to info@seanatextil.com

We will send you the necessary information to start using the B2B digital sales channel.

Ordering.

You just have to choose within the SEANA product catalog, which contains the same references as your paper catalog. The platform will register your order and we will begin to work on its preparation in a more agile and faster way.

Payments.

The B2B sales platform is a tool to streamline your orders and does not include online payment. SEANA will issue the invoice corresponding to your order with the usual expiration date.
